A close-up shot of a Black woman with her hair in braids, looking upwards and to the right with a wide-eyed, open-mouthed expression of shock or disbelief. She is wearing a light-colored jacket over a grey shirt. The background is a blurred indoor setting.

A medium shot of Steve Carell as Michael Scott from the TV show 'The Office'. He is wearing his signature brown suit, blue shirt, and red patterned tie. He has a wide, toothy smile and is wearing his signature aviator glasses. He is holding a banana in his right hand. The background is a blurred office setting.

Strategies for UX

Designer

developer

Architecture

Getting an understanding of your site's target users and how they will interact with the site proposes architecture challenges for Drupal out of the box.

- How will content be organized
- How will users interact with content
- Assumptions and concerns

Good design

Good design challenges developers. Don't take no as a final answer. Appreciate that you're making us think outside the box.

- Identify patterns
- Consider reusability
- Work together not apart

Patterns

Consider atomic design systems

- Pattern lab
- self documenting
- faster theming
- happier developers
